Mr. Turner

Attached please find our response to NJDEP's Ecological Component Review Comments regarding the Hatco remedial investigation report submittal. Due to the large file size we will provide the attachments via a separate transmittal using Accellion. You will receive a separate email message containing the link to the attachments from Coleen Devorak at Weston.

We would like to meet with you and your team to discuss the comments, our responses and plans to resolve any open issues. Please let me know of dates in the near future that will work for you.

Thanks,

Jason
